<b>Requestor Name:</b>	Larry Bridges	<b>Date:</b>	5/17/2016	<b>Affiliation:</b>

<b>Program Office:</b>	NNSA			<b>Contractor</b>	
<b>Proposed Change:</b>	Add Real Property Unique Identification (RPUID/PSN) to the default list of fields in the Ad Hoc tool.				
<b>Justification:</b>	<p>Adding RPUID/PSN to the default list will save a lot of time. Invariably I'll run a report without that field and have to re-run the report after adding it to the mix.</p> <p>It's particularly important when you're trying to compare data between years. Since the PSN is unique, it makes matching data records a snap.</p>
